

17 George Street Cambooya QLD

2 🚗

Vacant Land - as rare as hens' teeth now!! Do not miss this opportunity to secure your own parcel of land on just over 1000m² to build your brand-new home.

The property itself is fully fenced on all the boundaries, has power and water at the shed, and is already equipped with a 12 x 7.5m shed. With the current government grants in place for new-build constructions, you can understand why vacant land could be snapped up fast - this property maybe is no different!!
